Skills

- Frontend - HTML | CSS | SASS | Bootstrap | TailwindCSS | JavaScript | TypeScript | jQuery | React | NextJS | Redux | Zustand | Framer Motion
- Backend - Node | Express | MySQL | PostgreSQL | MongoDB | Prisma
- DevOps - Git | REST API | GraphQL | Docker | AWS

Experience

Freelancer

Upwork

11/2024 - Present

- Designed and developed scalable web applications using **React**, **Next.js**, **TailwindCSS**, **Node.js**, and **Express** to meet client needs.
- Collaborated closely with clients to understand project requirements, resulting in an improvement in project turnaround time.
- Optimized application performance, reducing load times by up to 40% through code refactoring and best practices.
- Maintained, updated, and debugged applications, ensuring uptime and seamless functionality.
- Provided technical consulting and strategic recommendations to enhance client business objectives.

Frontend Developer

Sinotec

Lagos, Nigeria 09/2024 - 11/2024

- Developed and maintained responsive web applications using **React**, **JavaScript**, and modern front-end technologies, improving system efficiency by 25%.
- Partnered with engineers, project managers, and designers to create intuitive user interfaces, increasing user engagement by 20%.
- Built reusable UI components and optimized application performance for scalability and efficiency, reducing development time for new features by 35%.
- Ensured cross-browser compatibility and accessibility, enhancing the user experience across multiple devices.
- Conducted thorough code reviews and enforced best practices, reducing production bugs.
- Implemented UI/UX enhancements based on user feedback and industry standards, leading to a 15% boost in usability scores.

Software Engineer, Intern/Teaching Assistant

Aptech Computer Education

Wuse 2, FCT, Nigeria 10/2023 - 09/2024

- Taught web development and **Python** to over 10+ students, increasing student proficiency through interactive projects and assessments.
- Assisted in software development projects, contributing to the design, coding, testing, and debugging of applications that improved internal processes.
- Led weekly code review sessions, reducing student coding errors and reinforcing best practices.
- Participated in team meetings to track progress and discuss challenges, ensuring a structured learning environment.

Education

Bachelor of Science in Information Technology

Middlesex University

London, England 09/2025 - Present

- Developed web applications integrating front-end (**HTML**, **CSS**, **JavaScript**, **React**) and back-end (**Python**, **JavaScript**, **Java**) technologies with relational databases.

Mentorship

- **CodSoft**: Completed a 3-month internship, receiving guidance on career development in software engineering. (01/2022 - 11/2023)
- **Computer Science Tutor**: Assisted students with programming, data structures & algorithms, career advice, coding interview preparation, and professional portfolio development.

Others

- **Bronze Award(2nd runner-up)**: Won overall best in Nigeria for the Aptech Tech Wiz Competition for Web Development (Team Project). (09/2023)
